Certificate of Conformity

No. ESTE-E1605068

The following products have been tested by us with the listed standards and found in compliance with the council EMC directive 2014/30/EU. It is demonstrative for the compliance with this EMC Directive.

Applicant :
Address :

Trade Name : AOI
Product : Battery Charger
Model No : AOI-08420155DD1

Test Standards :	
EN 55014-1:2006+A1:2009+A2:2011	Limits and methods of measurement of radio disturbance characteristics of electrical motor-operated and thermal appliances for household and similar electrical apparatus
EN 61000-3-2: 2014	Electromagnetic compatibility (EMC) -- Part 3-2: Limits - Limits for harmonic current emissions (equipment input current up to and including 16 A per phase)
EN 61000-3-3:2013	Electromagnetic compatibility (EMC) -- Part 3-3: Limits - Limitation of voltage changes, voltage fluctuations and flicker in public low-voltage supply systems, for equipment with rated current ≤ 16 A per phase and not subject to conditional connection
EN 55014-2:1997+A1:2001+A2:2008	Electromagnetic compatibility-Requirements for household appliances, electric tools and similar apparatus- Part 2: Immunity-Product family standard

EST Technology Co., Ltd.

What is certificate of conformity uk. How do i get a certificate of conformity for my car uk. How to get a certificate of conformity uk.

The local Control Technique AA try it without a CoC (AAdo not accept the approval number as a replacement), so I'm pretty stuck. All he did was check that all the glasses and lenses were CE marked and issued the Gris card. Auto / Motor / Insurance I moved permanently to France last year. However, there are exceptions for this category for special cases. A certificate of conformity Ford A" a document for all new Ford cars demonstrating their approval and conformity as provided for in Directive 70/156 / EEC or 74/150 / EC 2002/24 / EC or 2003/37 / EC or 2007/46 / EC delivered by the manufacturer at the time of sale of the vehicle. I had no idea that the Sprinter vans would be so differentA and no idea why a CoC issued by MB in the UK should give anyone troubleA Can I go to a DREAL/DRIRE center and get a suitable type reception number? Tim I think this is what you need, A suggest2 that the test center is not up to the standards, I would show them this or try a different test center. A They issued a "Certificate of Conformity "AAPartialAA The Local Center did the CT1, but I had to take it to be tested at a DRIRE center. Where are you in France? The certificate of conformity A" accepted for CTs only if GVW A" is less than 3500 kg. Which CoC should come from France? Types of Ford models that may have a certificate In general, not all vehicles can obtain a certificate of conformity Ford. At the end of the day all three were accepted and the cars registered. In fact, it is essential to be able to obtain the certificate of registration of French foreigners in the prefecture. In some cases, the application for registration may be rejected by the prefectures or European administrations. Only cars belonging to the categories osseps osseps 1Aip edacca otseuQ, aicnarF ni erotturtsoc led etnatneserppar lad ataicsalir erness eved asse, elanoizan opit id aruttevotua'nu reP, olreva onossop 1M o the origin of a vehicle or certificate. Finally, the type CE COC Ody, a document that meets the requirements of Directive 70/156 / EEC or 74/150 / EC 2002/24 / EC or 2003/37 / EC or 2007/46 / EC issued by the manufacturer. If a COC exists for your vehicle, there is practically no cost to the manufacturer other than the manufacturer of some keyboard strokes and get the original copy from the printer. 1 as "exists - so my query on where was actually his vehicle ... Ford UK said they could not release a COC as the van was built before September 2011! The meaning of the date eludes me. Hi Stella, I contacted Merc UK FIRST and they said I should contact Merc France and gave me a contact, they recommended this as they claim that when they released them in the past, it always seemed a problem with it. I have coke from two German car companies. In order to obtain the Ford CD, the first recording must also be provided by a country which is part of the European Union. The COC must come from France, but be careful, there are some scam sites (I know from personal experience) so it is easier and in the long run cheaper to go to the manufacturer in France. Good luck. Thank you so much for that, James. Unfortunately the format of the type approval number does not fit the fields of the French CT computer. I'm trying to get it registered in France, but I hit a problem: Ford UK will not issue a certificate of conformity because they say the base vehicle was actually built before Sep 2010. The first is the 3-in-1 Document, which is the 3-in-1 Document, which is the 3-in-1 Document, Certa Printing or "Registration Application for a New Vehicle." Having this document would make it easier for you to have your administrative documents. I thought I was home and dry after showing the boy, James Technique Confe Technique is scanning rules. Also the Ford certificate of conformity applies only to cars that were registered after 1995. What what Truly annoying A" on the same email A" a link to request the COC if you were exporting the same van out of France and its Ae, A85 or if you import a new van into its Ae, A150, I only think of Ae, A350 A" a little bit Booked for the control technique tomorrow so your fingers crossed. The different types of certificate of conformity of the Compliance Ford a certificate of conformity in France to register an A" vehicle available in different forms. He had a COC in the original documents in about a million languages. No problem in taking the registered car. I'm near Morlaix in Finistere - so it's a lot of testing centers nearby. Hello DaveAe a | Which MB are you asking ... France> or United Kingdom Ae a | or where ...? We bought a 2,005 MB car in the U.K. in 2012 and brought it to France. 1 As next page Ae a 'Cos'A" a certificate of conformity Ford? MmmmAe a | very strange. The boy was very helpful. (Euro 170). This" the reason why I can't understand why© Merc UK is so reluctant to issue mine, I have asked them twice and say only when they have done them in the past they have had problems with them accepted in France, so they recommend to get it through Merc France, Merc told me that costA" Ae, A350 due to the quantity of documents that have to do, however Ford can do the same documents for Ae, A170, bleeding annoying this A" intriguing ... and I await the final result with great interest. If the A" machine is acquired and then resold, it can only have a CO if the relevant market is not a European market. I brought along a Ford transit van that I ordered to my specifications in March 2011 and received in June 2011. The certificate of conformity A" required by the prefecture for any application to register an imported vehicle. Crossing the expensive A" arrived in French and A" state on paper that looks very expensive. The delivery procedure is similar to the first type. PS I think this only refers to vehicles under 3500 kg, did I get this right @mark rimmer? If so, how do I find the Center that will do this? Cheers Tim I I like yes, you're right, James. I would be very grateful for any suggestion? Thank you for this John, Perhaps your MB Sprinter was built outside the European Union, like many others, maybe this is the problem. Therefore, you can request a certificate. However, the manufacturer can also give. It will be delivered before the vehicle and verbal description that stipulates the reception of the car. If a fee is made for the service provision and maybe this tells you a lot about the emphasis that the company places on customer service. The coes come from the manufacturer, usually from the country where the vehicle has been registered for the first time. It is therefore a person on the right that allows, on the one hand, the sale of the vehicle in the country of production, but also at the time of its sale in another European country and therefore allows it to certify compliance with the rules of the country on the subject environmental. Tim just contacted Mercedes for the COC for my van and want A e a ~ 350 to release it, has someone else registered a sprinter van here and if it's so there is a cheaper way to get the COC. It is delivered by the car designer. 1 As I had a similar problem with Vauxhall with my vivaro. Then there is the COC for an international car. Two were free, the third cost a, ~ 100. Thank you very much. Thank you.
